Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 1/20/04 has been considered by the examiner.

Allowable Subject Matter

2. Claims 1-6, 8-13, and 15-22 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to suggest the claimed methods for manufacturing rimless spectacles, particularly placing a radiation absorbing dye between a lens and a rimless supporting structure and exposing the dye to radiation in its absorption band so that the lens and rimless supporting structure are fused together to form an integral structure. As noted in Applicant's arguments filed on 1/20/04 there is no suggestion of exposing a radiation absorbing dye to radiation in its absorption band in order to fuse a lens and rimless supporting structure together into integral rimless spectacles in the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
